Launched 12 June 2008 by the United Nations Educational, Scientific and Cultural Organization, the Secretariat of the Permanent Forum on Indigenous Issues, the Secretariat of the Convention on Biological Diversity and the Office of the High Commissioner for Human Rights...

On the

Frontlines of Climate Change

A global forum for indigenous peoples, small islands and vulnerable communities

The Frontlines Forum seeks community-based experiences with climate change: opportunities, impacts and adaptation strategies. It provides an online platform for sharing observations, concerns and innovations. We invite contributions from indigenous and rural communities of small islands, mountains, the Arctic, tropical forests, desert margins and other vulnerable environments.
